

# Sketchbook assignments

## AVISM

A sketchbook is required in this course in order to document ideas, elements of art/principles of design, thumbnail sketches, as well as to practice and challenge your skills and techniques. You are required to bring it to class DAILY.

1. You are to do approx. **2 drawings per month**.
2. Sketchbook will be collected at the **end of every month**.
3. **Full shading is expected, as are details.** Pencil is assumed, but the use of coloured pencils is also allowed.
4. **Do not leave these to the last minute**, it will show. You should spend a significant amount of time throughout the month to continually develop these drawings.
5. This is your place to **experiment** and grow - you're only limited by your own imagination and efforts.
6. Topics and due dates will be posted in class as well as [efanfara.weebly.com](http://efanfara.weebly.com)
